LANDSCAPE	<u>MPR</u>	MowPro Landscape Trailer	7,000 - 14,000 lbs	42 - 43

The **Gross Vehicle Weight Rating (GVWR)** and Gross Axle Weight Rating (GAWR) are based on specific load distributions. Tongue weight transferred to the towing vehicle can significantly reduce the load applied to the trailer's axles, potentially impacting the actual GAWR utilization. Customers are responsible for ensuring proper load distribution and towing configurations that comply with the trailer's ratings and the tow vehicle's specifications. Incorrect weight distribution may result in unsafe operating conditions.

UNDERSTANDING WALTON TRAILER CODES

Example 1:

DHV207-14B	DHV	7' Wide Dump Trailer
	207	(2) 7K Axles
	14	14' Bed/Deck Length
	B	Bumper Pull

Example 2:

Premium/Custom Powder Disclaimer

Custom Powder Coat Color Options Require Customer Approval

Walton Trailers offers a range of custom powder coat color options to meet your specific preferences. Due to the customized nature of these requests, **all color selections must be approved by the customer** prior to order finalization.

- We will provide a list of available custom color swatches for your review.
- Each selected color will be verified by its **corresponding RAL number** to ensure accuracy.
- **Pricing for custom colors is not listed in the standard price book** and is determined on a case-by-case basis.
- Please allow a **minimum of two weeks** for us to research and collect accurate pricing information from our vendors.

Your satisfaction is our priority, and we appreciate your patience as we work to ensure the perfect finish for your trailer.
